

4th December 2018

Dear Parents/Carers,

We have received notice from Harrow Council that from Friday 14th December until Friday 21st December they will be creating a Winter Wonderland event adjacent to our school.

From 12pm on Friday 14th December there will be an ice-skating rink, funfair rides, craft and food stalls located on Lowlands Recreation Ground. The area will be enclosed by fencing and CCTV security will be in operation. It is free to enter the site; however all attractions will be chargeable.

As a school we have raised our concerns - including the noise of the attractions and volume of people congregating around our school site - of having such an event so closely located to our school site. We are awaiting a response from Harrow Council.

We would encourage you to collect your child from school on Friday 14th December and throughout the week from Monday 17th until Wednesday 19th December where possible to avoid them entering the Winter Wonderland event.

We will keep you updated via text message regarding this event and would like to thank you in advance for your support.

Yours sincerely,

Dr Michael Jarrett
Head of School
